

# Internship in Finance

Are you ready to learn how the finance team works in an international company?

## So what will you do?

- You will get to know the accounting principles in organization;
- You will be involved in the year closing process during the audit;
- You will reconcile the balances of receivables and payables;
- You will be responsible for the review and accounting of primary accounting documents;
- You will support our team with other accounting-related tasks

**Let's talk. Send your CV or give us a call.**
